

Biological Material Transfer Agreement

The National Key Laboratory of Plant Molecular Genetics (NLPMG), Institute of Plant Physiology and Ecology, Chinese Academy of Sciences, seeks to conserve the biological resources that it maintains and to promote the sustainable utilization and the fair and equitable sharing of the benefits arising out of the utilization of these resources. The agreement is made between _____ (hereinafter referred to as material recipient) and Group of Hong-Wei Xue, NLPMG (hereinafter referred to as material developer) to contribute to these objectives.

The recipient agrees to the following terms:

1. The materials can only be used for non-commercial research purpose.
2. The recipient shall not sell, transfer or provide access to any third party without the consent of the developer.
3. Any patent or intellectual property right derived from the material will be jointly owned to both of the developer and recipient.
4. The recipient shall acknowledge the developer in any publications resulting from the materials.
5. The recipient shall send copies of publications or patent application reference numbers citing use of the transferred materials to the developer.
6. The developer shall reserve its right to ascertain the recipient's legal liability for recipient's breach of the agreement.

Requested material(s): _____

Intended use: _____

The developer requests the applicant to complete this agreement by authorized signature of ordering institute, corporation or person:

Name of recipient: _____

Institution: _____

Full address: _____

E-mail: _____ Tel: _____

Authorised signature: _____ Date: _____

The material developer: Hong-Wei Xue
